FILDER; candidate for Congress a few years ago. The Lafayette (Ind.) Courier gives the following account of the career of young Davis:

"Thus closes the career of a young man whose advantages were such that, had he made proper use of them, to day he would have been a valuable member of society, and a source of pride and usefulness to his family relations. But from extreme youth he displayed a seemingly unconquerable penchant for the many alluring vices of our larger cities. He early became a professional gambler, and what is more modernly called a "fast young man." About eight years ago he went to New Orleans and married a beau-tiful and wealthy young lady of that city. If you are, or have been troubled with the head-ache, send for a box, (Cephalic Pills,) so that you may have them in case of an attack. He soon became possessed of her fortune, and continued a career of gambling and in New York city some two years after the marriage. Since that time the life of Davis has been one of unexampled profligacy.

I'llE subscriber respectfully informes the public that he has purchased the right to use, in Holmes county, Bavard's Shingle Machine!

Which, whe c used, is acknowledged to be the best Joint Single Machine in use. These shingles are better and closurer than those made by hand; firstly, because they are uniform in size and do not warp or draw; and seemely, because the shingles made from a cord of timber will lay as much more roof as the lap shingles will from the same amount of timber. Persons drairing shingles made will prepare their timber in holts and deliver it at the Board Yard of Hull & Knor, Millersburg O. Shingles cut for \$1,25 per 1000. Shingles made of all the timber of which they are usually made.

Persons bringing timber for shingles will have it steamed on the ground, as I have erected a steaming box for that purpose. Wherever this Machine has been used the shingles anniactured by it have taken the place of lap shingles n44. R. W. ENOS.

A compound remody, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarasparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarasparilla is reputed to cure. It is believed that such a remody is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our ufficied fellow-citizens. How completely this compound will do it has been proven by experiment on many

of the worst cases to be found of the following complaints: -- Senorulous Complaints, SCROPULA AND SCROPULOUS COMPLAINTS, ERVPTIONS AND ERCEPTIVE DISEASES, ULCHES, PINDLES, BLOTCHES, TENORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC APPECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBLITY, DYSPERSIA AND INDICESTION, ERYSPELAS, ROSE OR ST. ANTRONY'S FIGURAND INDUCTY OF THE BLOOP.

THE BLOOM This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do thus through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleause it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell-you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of

pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, THROUGH TICKET TO CALIFORNIAA

or any thing else.
During late years the public have been misied by large bottles, pretending to give a quart of Extract of Sursaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatev-er. Hence, bitter and painful disappointment Which will be sold for \$100,000, to the purchasers of our GOLDEN PENS AT 30 CENTS PER has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests ipon it. And we think we have ground for scheving it has virtues which are irresistible by the ordinary run of the diseases it is intend-ed to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
